School Ambassadors

In 2021, we restructured our student leadership structure and established Ambassador groups to promote authentic student voice and action within our school.

The new structure has created a great platform on which we can continue to build student leadership at Warradale. Ambassadors are supported to take up various leadership roles and action opportunities across a range of authentic school areas and functions, with more students afforded these valuable extra-curricular experiences and with less disruption to their classroom learning.

Our 2021 student leaders represented the school with great energy and pride and made a number of significant contributions to our school and community. This included but was not limited to: hosting year level and whole school assemblies (including Robyn's amazing farwell end of Term 3), providing school tours for prospective students and families, supporting ICT management across the school, delivering extra curricular academic, sporting and arts-based activities, and providing a voice for all students R-7.

As the year draws to a close, and with many of our current Ambassadors moving on to high school, we would like to thank all of our student leaders for their efforts in 2021.

The Ambassador application and selection process has now been completed in preparation for the 2022 school year. We wish to congratulate the following students on their successful applications:
